

## Distinctive Design

Simple, natural and effective, **Airfree® Lotus** eliminates any micro-organisms and allergens in the air, quietly and without harming the environment. **Airfree® Lotus** combines a distinctive design with exclusive technology, allowing a change of colours and the opening of the device's petals, inspired by the striking beauty and mysticism of the Lotus flower.

## Airfree® Lotus

A breath of pure inspiration

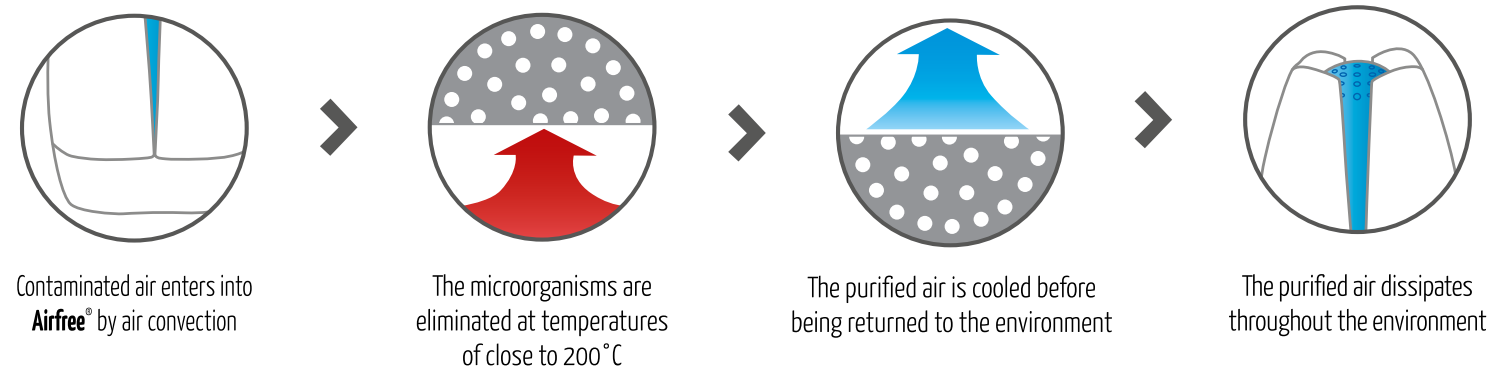

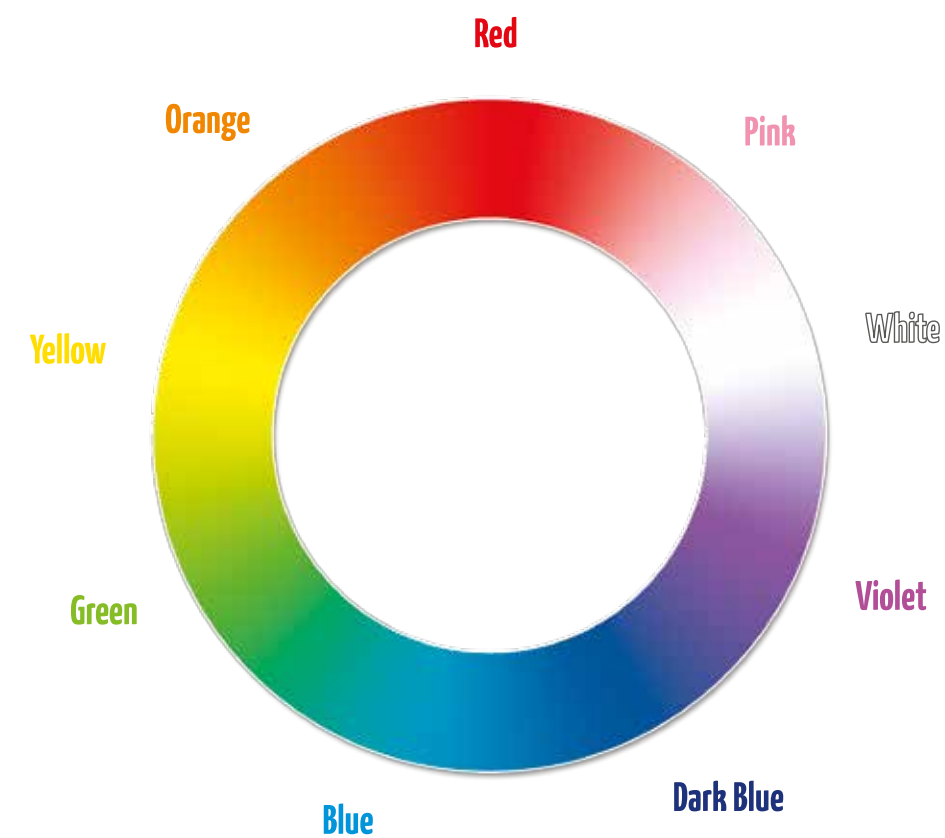

## The same technology, **equal efficiency**

**Airfree® Lotus** offers the same performance and efficiency as other **Airfree®** models.

## Choose the colour of your choice and **change it whenever you want**

While it purifies the air, **Airfree® Lotus** emits different coloured lights that help to create welcoming and inspiring environments that improve your well-being and comfort.

## The **Lotus** model series

Model	Capacity	Consumption
Lotus	60 m <sup>2</sup>	52 W
